Software skills

- HTML5
- CSS3
- JavaScript
- React Js
- Redux
- Express
- Node Js
- Next Js
- Mongo Db
- Python
- C++(Arduino)
- Git,Github

Language

English

Russian

Az

Projects

1:A site where students can learn their answers.This is my own small company and already an institution with more than 1200 students has joined.

Link:<https://github.com/mammedov-karim/imtahan-netice>

2:A program written in javascript that automatically finds spaces, shifts and extra characters in the txt file, which is the result of more than 45,000 students

Link:<https://github.com/mammedov-karim/TxtFileWorking>

3:A javascript program that automatically finds Azerbaijani letters in the data in the excel file and converts them to English and creates a new excel file

Link:<https://github.com/mammedov-karim/CnvrtAzeToEng>

4:A web application for to faster search in excel file with 7 arguments

Link:<https://fastersearch.vercel.app/>

Study

2015-2019

Physics,mathematics and informatics oriented high school

2019-2020

Azerbaijan State Oil and Industry University

2020

SABAH Groups of Azerbaijan State Oil and Industry University

Certificates

1.Ministry of Education-May 2017

Bronze medal of the Republican Mathematics Olympiad

2.Purple Comet-May 2019

International Titu Andrescu Mathematics Olympiad

3.High School(PMiOHS)-Jun 2018

Honorary student of physics, mathematics and informatics oriented high school

4.İCPC-Nov 2020

International Collegiate Programming Contest Certificate of Achievement

5.İCPC-Nov 2021

International Collegiate Programming Contest Certificate of Achievement

6.CodeCheff-Oct 2021

SnackDown 2021 Qualifier Round of Global Programming Competition

7.Educational Institute-Feb 2022

Educational Institute of the Republic of Azerbaijan active participation and effective activity of students in the mathematicians camp

8.Educational İnstitute-Mar 2022

Educational Institute of the Republic of Azerbaijan active participation and effective activity of students in the engineer camp

9.Hackerrank-Jun 2022

HackerRank,succesful cleared the assessment for the skill Python

10.Hackerrank-Jul 2022

HackerRank,succesful cleared the assessment for the skill Js *beginner*

11.Hackerrank-Oct 2022

HackerRank,succesful cleared the assessment for the skill Js *intermidate*

12.Hackerrank-Sep 2022

HackerRank,succesful cleared the assessment for the skill Problem Solving

13.Hackerrank-Sep 2022

HackerRank,succesful cleared the assessment for the skill React Js

14.BMU-May 2022

Second place in Integral competition

15.BMU-Oct 2022

Sabah Groups İT competition

HOBBY

1.Writing problems and building algorithms in different programming languages.

2.Solving mathematical problems.
